

# Sanaxil Fix

## Reinforcing fixative primer based on potassium silicates

Reinforcing, fixative, transparent primer, based on stabilised potassium silicate for the preliminary treatment of the surfaces to be painted and/or plastered with silicate-based, lime putty, systems, for ecological building interventions, new buildings and for the restoration of vintage buildings and monuments.

**CUSTOMS CODE:** 3209 9000

**COMPONENTS:** Single-component

**APPEARANCE:** Liquid

**AVAILABLE COLORS:** Transparent / Azichem - silicati

**PACKAGING AND DIMENSIONS:** Plastic can 5 l - Plastic can 20 l

## FEATURES AND BENEFITS

Sanaxil Fix is a product consisting of potassium silicates. It is highly breathable and is not subject to thermoplastic effects. It does not contain resins, solvents, thinners and harmful or toxic emanations. Free of V.O.C.

## FIELDS OF APPLICATION

"Priming" fixative treatment of coatings, paints or putty coat based on lime putty, potassium silicate and siloxanes in general. Dust-proofing, reinforcing, cortical treatment for surfaces of pulverising plaster.

## ALLOWED SUPPORTS

Plasters - Concrete - Cement-based or lime-based mortars - Fiber-cement - Bricks - Mixed walls (bricks and stones) - Stone walls - Floor screed - Paint

## PREPARATION OF SUPPORTS

Organic type paints (washable, solvent-based etc.) where present, must be thoroughly removed. The support should, in any case, be clean, homogeneous, compact, dust-free.

## MODE OF USE

SANAXIL-FIX can be applied to substrates in masonry, on cement surfaces, lime-based surfaces, on well anchored mineral paints. They can be applied by brush, roller or spray: the number of coats required and the most appropriate dilution ratio with water will be determined as a function of the absorption conditions and degradation of the support. The admissible dilution range provides for additions of water up to a maximum ratio of 1:1.

## APPLICATION METHODS

Brush - Paint roller - Sprayer

## TOOL CLEANING

Water

## KEY FEATURES

-  Density: 1.278 kg/dm<sup>3</sup>
-  Solvent-free
-  Use wearing protective glasses

-  Shelf-life: 12 months
-  Temperature of use: +5 / +30 °C
-  Use wearing protective gloves

## TECHNICAL SPECIFICATIONS

a 20°C  
Touch hardening at 20°C **6 h**

a 20°C  
Deep hardening at 20°C **24-48 h**

## CONSUMPTION

Apply from 0.10 to 0.15 litres of Sanaxil Fix per square metre of surface to be treated.

## STORAGE AND CONSERVATION

Protect from freezing. Store the product in its original packing, in a fresh and dry environment, avoiding frost and direct sunlight. Inadequate storage of the product may result in a loss of rheological performance.

## WARNINGS AND PRECAUTIONS

Do not apply on surfaces in gypsum, on surfaces that are not cured, on moist or hot surfaces, with direct solar radiation.

During application, protect glass, enamelled metals, aluminium, polished tiles etc., which may be opacified from accidental contact with silicate solutions.

Handle following the safety guidelines on the packaging: use with protective gloves and goggles.

Sanaxil Fix can be pigmented with several colour variations and is recommended for colour stability over time. The general information, along with any instructions and recommendations for use of this product, including in this data sheet and eventually provided verbally or in writing, correspond to the present state of our scientific and practical knowledge.

Any technical and performance data reported is the result of laboratory tests conducted in a controlled environment and thus may be subject to modification in relation to the actual conditions of implementation.

Azichem Srl does not assume any liability arising from inadequate characteristics related to improper use of the product or connected to defects arising from factors or elements unrelated to the quality of the product, including improper storage.

Those wishing to utilise the product are required to determine prior to use whether or not the same is suitable for the intended use, assuming all consequent responsibility.

The technical and characteristic details contained in this data sheet shall be updated periodically.
